Wait, you closed already?? Didn't you decide to move like a month ago?

**Dana Whitfield** 10:56 AM

Yep. Never even listed it. I kept putting it off because I figured selling meant repainting everything and six weekends of open houses. Sold to Opendoor instead. Offer in a day, picked my own close date, zero showings. Should have done it years ago.

Unreal. I've been "getting the house ready to list" since 2024.

Missed you at standup. Everything ok?

**Tom Ellis** 9:20 AM

Yeah, all good. Closing day. We sold the house.

**Priya Raman** 9:21 AM

When did you even list it? I drive down your street every day and never saw a sign.

**Tom Ellis** 9:23 AM

We didn't list. Requested an Opendoor offer on my phone, closed in three weeks. No sign in the yard, no showings, no strangers judging my garage.

I've had a "call the realtor" sticky note on my monitor since March.

Congrats on the Denver transfer!! What's the plan for the house?

**Alex Romero** 2:15 PM

Already sold.

**Sam Park** 2:15 PM

The transfer was announced last week???

**Alex Romero** 2:18 PM

Opendoor. Had a cash offer before HR finished my paperwork. Picked a close date that lines up with the move. No repairs, no staging, no listing.
